## **MC SQUARED ENERGY SERVICES, LLC ANNOUNCES ABILITY TO SERVE BUSINESSES WITH GREEN POWER**

*Chicago-based electricity supplier helps businesses reduce their impact on the environment*

**Chicago, IL** – MC Squared Energy Services, LLC (**mc<sup>2</sup>**), a Chicago-based retail electricity supplier, announced today its capabilities to assist companies who wish to purchase green electricity to meet sustainability goals. Through its purchase of Renewable Energy Certificates (REC's), **mc<sup>2</sup>** provides businesses with green energy products. These certificates can help a company offset their carbon footprint and represents energy produced by renewable sources, like wind or solar power.

“**mc<sup>2</sup>** is committed to protecting the environment both now and in the future,” said Chuck Sutton, president of **mc<sup>2</sup>**. “Our green energy capabilities can help companies support renewable energy projects that reduce the long-term impact of carbon-based generation on the environment.”

**mc<sup>2</sup>** currently provides electricity supply products and services to over 1,000 commercial and industrial service accounts in the ComEd service territory. **mc<sup>2</sup>**, through its Chicago based full-service wholesale trading partner, Wolverine Trading, LLC is uniquely positioned to offer customers innovative and reliable electricity supply products.
