

Take Control Of Your Electricity Costs

Responsible companies want to protect the environment both now and in the future. You can **"go green"** by adding renewable sources to your company's energy supply portfolio. mc² can show you how doing the right thing doesn't cost as much as you think.

mc² Offers The Right Electricity Supply Formula For Your Business

Led by a Chicago area team of veteran energy experts, mc² has developed an innovative formula that lets you choose the way you buy and manage electricity for your business.

We're helping hundreds of commercial and industrial facilities across Northern Illinois in the ComEd service territory proactively manage their electricity costs.

Take control of your energy costs and go green. Fax a copy of your current ComEd electricity bill to (877) 281-1279 and we'll provide you with a **free, no obligation quote.**
