The Village of Buffalo Grove has selected MC Squared Energy Services, LLC (mc²) to administer a **Green Electric Aggregation Program**.

The selection of mc² ensures that the power supply cost for participating residential and small business customers will **not be greater than the ComEd monthly published rate** while providing the Village with electric supply and Renewable Energy Certificates at zero added cost to the residents and the Village.

In addition, this Green Electric Aggregation Program enables the Village of Buffalo Grove to be designated an EPA Green Power Community.

What is electric aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electric to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electric supply services to their residents and small businesses.

Will I receive a different bill for my electricity?

No, you will continue to receive one electric bill directly from ComEd. You will be charged exactly the ComEd rate. Also, the way you pay your bill will be unchanged, such as Budget Billing, direct debit to your bank account, etc. If you receive assistance via a program such as LIHEAP or PIPP, your eligibility will not be negatively impacted by the program.

Who is eligible to participate?

Eligible residential requirements: All residents located in the Village of Buffalo Grove that are receiving electric supply service from ComEd are eligible to participate.

Eligible business requirements: All small businesses located in the Village of Buffalo Grove that are receiving electric supply service from ComEd, with a ComEd designated annual usage of 15,000 kWh or less, are eligible to participate.

Can you explain how enrollment is handled?

Eligible residential or small business customers will receive a letter in the mail from the Village regarding the action required to participate in the program. There are two types of letters (letter type is specified on the top

of your letter):

- 1) **Aggregation Notice Letter** - Customers receiving this letter will be **enrolled automatically** to receive electric supply from mc² unless they choose to opt out by following the instructions in the letter.
- 2) **Informational Content Letters** – These notices are informational only. If customers do want electric supply from mc², they may opt in by visiting www.mc2energyservices.com/special (enter the promo code **Buffalo Grove**) or by calling 855-575-9232, Monday through Friday, 8 am to 5 pm.

What is the electric supply price for the program?

The price will equal to the ComEd's monthly published rate including the Published Purchased Electricity Charge, Transmission Service Charge and Purchased Electricity Adjustment charge. This price can change month to month. A historical price from the last 12 months can be found at www.mc2energyservices.com/IL/HistoricalPricingPTC/P.

What will change on my electric bill if I'm enrolled?

You will continue to receive a single bill from ComEd each month. "MC Squared Energy Services" will be designated as your supplier in the "Supply" section of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided. There is no impact to ComEd services such as Budget Billing, Peak Time Savings and/or financial assistance.

Will I receive notification of the supplier change?

ComEd will always mail a confirmation letter indicating a service change if you switch to mc².

Is there an early termination fee?

There is no termination fee; you are only obligated to pay for services rendered under the contract until your service is terminated.

Will my electric service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc² is seamless.

What happens at the end of the program term?

At the end of the term, if the Village decides to end the program, all accounts served by mc² will be returned to ComEd service or the Village may select a different supply to administer the program. Ratepayers would receive notices if the program is renewed at that time.
