

City of Crystal Lake

Green Electric Aggregation Program

Electric Supply Price

The price is equal to ComEd's monthly published rate, including the Purchased Electricity Charge, Transmission Service Charge, and Purchased Electricity Adjustment for each applicable month.

The program will start with the October 2020 ComEd meter read and will continue through your October 2022 meter read.

Contact mc²

For questions regarding the Electric Aggregation Program, please contact mc² first before contacting the City.

The City of Crystal Lake has selected MC Squared Energy Services, LLC (mc²) to administer a **Green Electric Aggregation Program**.

The selection of mc² ensures that the power supply cost for participating residential and small business customers will **not be greater than the ComEd monthly published rate**. **This electric program will support clean, renewable energy development** by providing the City with electric supply and Renewable Energy Certificates at zero added cost to the residents or the City.

In addition, this new Green Electric Aggregation Program enables the City of Crystal Lake to be designated as an EPA Green Power Community.

For more information on the program visit:

<https://www.crystallake.org/our-community/resident-information/electrical-aggregation>

What is electric aggregation?

State law allows municipalities to arrange for the provision of electric supply to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electric supply services to their residents and small businesses.

Who is eligible to participate?

All residents located in the City of Crystal Lake that are receiving electric supply service from ComEd are eligible to participate.

All small businesses located in the City of Crystal Lake that are receiving electric supply service from ComEd, with a ComEd designated annual usage of 15,000 kWh or less, are eligible to participate.

What is the electric supply price for the program?

The price will equal the ComEd monthly published rate, including the Purchased Electricity Charge, Transmission Service Charge, and Purchased Electricity Adjustment charge. This price can change month to month. A historical price from last 12 months can be found at www.mc2energyservices.com/IL/HistoricalPricingPTC/P.

Can you explain how enrollment is handled?

Eligible residential or small business customers will receive a letter in the mail from the City regarding the action required to participate in the program. Some

Who is MC Squared Energy Services?

MC Squared Energy Services, LLC (mc²) is a certified, retail electric-service provider headquartered in Chicago. MC Squared Energy Services, LLC is a wholly owned subsidiary of Wolverine Holdings. For more information on the company, visit our website at www.mc2energyservices.com.

Summary of Benefits:

- Supports renewable generators.
- Supports reduction of harmful emissions.
- No rate risk; electric supply price is equal to ComEd published rates.
- City receives designation as an EPA Green Power Community.
- Residents and small businesses may opt out at any time.
- Achieves a strategic objective of the Metropolitan Mayors Caucus Greenest Region Compact.

residents will receive an **Aggregation Notice Letter**. Customers receiving this letter will be **enrolled automatically** to receive electric supply from mc² unless they choose to opt out by following the instructions in the letter.

If you are not automatically enrolled in the electric aggregation program, you will receive an **Opt In or Informational Letter**. These notices are informational only. If customers do want electric supply from mc², they may opt in by visiting www.mc2energyservices.com/special (enter the promo code **Crystal Lake**) or by calling 888-508-0297, Monday through Friday, 8 a.m. to 5 p.m.

What will change on my electric bill if I'm enrolled?

You will continue to receive a single bill from ComEd each month. "MC Squared Energy Services" will be designated as your supplier in the "Supply" section of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided. There is no impact to ComEd services such as Budget Billing, Peak Time Savings and/or financial assistance.

Will I receive notification of the supplier change?

ComEd will always mail a confirmation letter indicating a service change whether you switch to mc² or return to ComEd supply service.

What if I am already using an electric supplier of my choice?

If you have already switched to another electric supplier, you can still opt in to the program. See above for enrollment directions. You should always check with your current provider to better understand any restrictions or policies that may apply.

Is there an early termination fee?

There is no termination fee; only obligated to pay for services rendered under the contract until your service is terminated.

Will my electric service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc² is seamless.

What happens at the end of the program term?

At the end of the term, if the City decides to end the program, all accounts served by mc² will be returned to ComEd service.
