Dundee Township is pleased to inform you that we are resuming our electric aggregation program!

The selection of mc² ensures that the participating residential and small business customers will receive a fixed rate per kWh which will not fluctuate for the duration of the agreement. This fixed price is competitive to the current ComEd tariff supply rate and lower than the prior Township aggregation program rate.

For more information on the program visit:

<https://www.dundeetownship.org/>

What is electric aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electric to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electric supply services to their residents and small businesses.

Who is eligible to participate?

Eligible residential requirements: All residents located in Dundee Township as indicated by ComEd, are eligible to participate.

Eligible business requirements: All small businesses located in Dundee Township as indicated by ComEd, with a ComEd designated annual usage of 15,000 kWh or less, are eligible to participate.

Can you explain how enrollment is handled?

Eligible residential or small business customers will receive a letter in the mail from the Township regarding whether action is required or not to participate in the program. There are two types of letters (the letter type is specified on the top of your letter):

- 1) **Aggregation Notification Letter** - Customers receiving this letter will be **enrolled automatically** to receive electric supply from mc² unless they choose to opt out by following the instructions in the letter.
- 2) **Informational Content Letters** – These notices are informational only. If customers do want electric supply from mc², they may opt in by visiting www.mc2energyservices.com/special (enter the

Who is MC Squared Energy Services?

MC Squared Energy Services, LLC (mc²) is a certified, retail electric-service provider headquartered in Chicago. MC Squared Energy Services, LLC is a wholly owned subsidiary of Wolverine Holdings. For more information on the company, visit our website at www.mc2energyservices.com.

Summary of Benefits:

- Electric supply price is fixed for the duration of the term.
- Residents and small businesses may opt out at any time.

promo code **Dundee Township**) or by calling 833-748-0913 Monday through Friday, 8 a.m. to 5 p.m.

What will change on my electric bill if I'm enrolled?

You will continue to receive a single bill from ComEd each month. "MC Squared Energy Services" will be designated as your supplier in the "Supply" section of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided. There is no impact to ComEd services such as Budget Billing, Peak Time Savings and/or financial assistance.

Will I receive notification of the supplier change?

ComEd will always mail a confirmation letter indicating a service change.

What if I have already switched to an Alternative Retail Electricity Supplier (ARES)?

If you have already switched to an Alternative Retail Electricity Supplier (ARES), you can still opt in to the program. See above for enrollment directions. You should always check with your current provider to better understand any restrictions or policies that may apply.

Is there an early termination fee?

There is no termination fee; you are only obligated to pay for services rendered under the contract until your service is terminated.

Will my electric service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc² is seamless.

What happens at the end of the program term?

At the end of the term, if the Township decides to end the program, all accounts served by mc² will be returned to ComEd service.
