

# Electric Aggregation Program

## Frequently Asked Questions

### Rate and Term

The rate is **equal** to ComEd's monthly published rate including the Purchased Electricity Charge, Transmission Service Charge and Purchased Electricity Adjustment for each applicable month.

The program is a 30 month term, beginning with the June 2021 meter read cycle date. Find ComEd's published rate by visiting [pluginillinois.org](http://pluginillinois.org) and clicking Price to Compare.

The City of Evanston has selected MC Squared Energy Services, LLC (mc<sup>2</sup>) to renew its Electric Aggregation Program.

The selection of mc<sup>2</sup> ensures that the power supply cost for participating residential and small business customers will **not be greater than the ComEd monthly published rate** while providing the City an annual Civic Contribution that will be used to purchase Renewable Energy Certificates (RECs) and support the implementation of the Climate Action and Resilience Plan at no additional cost to the residents or the City.

Your participation will support Evanston's commitment to achieving 100% renewable electricity by 2030.

### Contact mc<sup>2</sup>

### What is electric aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electric to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electric supply services to their residents and small businesses.

### Who is eligible to participate?

Eligible residential requirements: All residents located in the City of Evanston that are receiving electric supply service from ComEd are eligible to participate.

Eligible business requirements: All small businesses located in the City of Evanston that are receiving electric supply service from ComEd, with a ComEd designated annual usage of 15,000 kWh or less, are eligible to participate.

### Can you explain how enrollment is handled?

Customers receiving this letter will be **enrolled automatically** to receive electric supply from mc<sup>2</sup> unless they choose to opt out by following the instructions in the letter. Additionally, a "change in supplier" letter from the Utility will be sent confirming enrollment in the City's Electric Aggregation Program.

where energy comes from

### Who is MC Squared Energy Services?

MC Squared Energy Services, LLC (mc<sup>2</sup>) is a certified, retail electric-service provider headquartered in Chicago. MC Squared Energy Services, LLC is a wholly owned subsidiary of Wolverine Holdings. For more information on the company, visit our website at [www.mc2energyservices.com](http://www.mc2energyservices.com).

### Summary of Benefits:

- Supports City's commitment to achieve 100% renewable electricity by 2030
- Supports City's Climate Action and Resilience Plan
- Supports renewable resource generation
- Helps reduce City's overall emissions
- No rate risk; electric supply price is equal to ComEd published rates
- Residents and small businesses may opt out at any time

### What is the electric supply rate for the program?

The rate will be equal to the ComEd monthly published rate including the Published Purchased Electricity Charge, Transmission Service Charge and Purchased Electricity Adjustment charge. This rate can change month to month. For more information on the historical rate from the last 12 months, visit [www.mc2energyservices.com/IL/HistoricalPricingPTC/P](http://www.mc2energyservices.com/IL/HistoricalPricingPTC/P). Additionally, for more information on the published rates, please visit the Illinois Commerce Commission's Plug In Illinois website at: <http://www.pluginillinois.org/FixedRateBreakdownComEd.aspx>.

### Is there an early termination fee?

There is no termination fee; you are only obligated to pay for services rendered under the contract until your service is terminated. You may cancel at anytime by contacting mc<sup>2</sup>.

### How will I be billed if I'm enrolled?

You will continue to receive a single bill from ComEd each month. "MC Squared Energy Services" will be designated as your supplier in the "Supply" section of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided and how you pay your bill will not change. There is no impact to ComEd services such as Budget Billing, Peak Time Savings and/or financial assistance.

### Will my electric service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc<sup>2</sup> is seamless.

### Who should I contact regarding problems with my electric service?

ComEd will continue to be responsible for the delivery of service to you, power outages and all emergencies, regardless of your electric supplier.

### What happens at the end of the program term?

At the end of the term, if the City decides to end the program, all accounts served by mc<sup>2</sup> will be returned to ComEd service or the City may select a different supply to administer the program. Ratepayers would receive notices if the program is renewed at that time.
