

Village of La Grange Park Electric Aggregation Program

Electric Supply Price

The price is equal to ComEd's basic service tariff rate including the published Purchased Electricity Charge, Transmission Service Charge and Purchased Electricity Adjustment for each applicable month.

The program will continue through your November 2024 ComEd meter read date.

Contact mc²

For questions regarding the Electric Aggregation Program, please contact mc² first before contacting the Village.

The Village of La Grange Park is pleased to inform you that we are **renewing our Electric Aggregation Program**. Chicago-based MC Squared Energy Services, LLC (mc²) was selected to continue to serve the Village with electric supply and renewable energy certificates (RECs).

This electric aggregation program supports clean, renewable energy development by providing the Village with RECs which enables the Village to retain its designation as an **EPA Green Power Partner Community** at zero added cost.

For more information on the program visit:

<https://www.lagrangepark.org/479/Electrical-Aggregation>.

What is electric aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electric to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electric supply services to their residents and small businesses.

Who is eligible to participate?

Eligible residential requirements: All residents located in the Village of La Grange Park that are receiving electric supply service from ComEd are eligible to participate.

Eligible business requirements: All small businesses located in the Village of La Grange Park that are receiving electric supply service from ComEd, with a ComEd designated annual usage of 15,000 kWh or less, are eligible to participate.

What is the electric supply price for the program?

The price is equal to the ComEd basic service tariff rate including the Published Purchased Electricity Charge, Transmission Service Charge and Purchased Electricity Adjustment charge. This price can change month to month. A historical price from last 12 months can be found at www.mc2energyservices.com/IL/HistoricalPricingPTC/P.

where **energy** comes from

Who is MC Squared Energy Services?

MC Squared Energy Services, LLC (mc²) is a certified, retail electric-service provider headquartered in Chicago. MC Squared Energy Services, LLC is a wholly owned subsidiary of Wolverine Holdings. For more information on the company, visit our website at www.mc2energyservices.com.

Summary of Benefits:

- No price risk; electricity supply price is equal to ComEd published price
- Never any fees to participants; residents and small businesses may opt out at any time
- Enables the Village to retain designation as an EPA Green Power Partner Community at zero added cost
- Reduces the Village's carbon footprint

What will change on my electric bill if I'm enrolled?

You will continue to receive a single bill from ComEd each month. "MC Squared Energy Services" will be designated as your supplier in the "Supply" section of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided. There is no impact to ComEd services such as Budget Billing, Peak Time Savings and/or financial assistance.

Will I receive notification of the supplier change?

ComEd will always mail a confirmation letter indicating a service change if you switch to mc² or another supplier.

Is there an early termination fee?

There is no termination fee; you are only obligated to pay for services rendered under the contract until your service is terminated.

Will my electric service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc² is seamless.

What happens at the end of the program term?

At the end of the term, if the Village decides to end the program, all accounts served by mc² will be returned to ComEd service or the Village may select a different supplier to administer the program.
