The Village of Schram City is pleased to inform you that we are continuing our Electric Aggregation Program!

The selection of mc² ensures that the participating residential and small business customers will receive a fixed rate per kWh which will not fluctuate for the duration of the agreement.

What is electric aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electric to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than Ameren). Under this law, the municipality may seek bids for the provision of aggregate electric supply services to their residents and small businesses.

Who is eligible to participate?

Eligible residential requirements: All residents located in the Village of Schram City as indicated by Ameren, are eligible to participate.

Eligible business requirements: All small businesses located in the Village of Schram City as indicated by Ameren, with an Ameren designated annual usage of 15,000 kWh or less, are eligible to participate.

Can you explain how enrollment is handled?

Customers receiving this letter will be **enrolled automatically** to receive electric supply from mc² unless they choose to opt out by following the instructions in the letter.

What will change on my electric bill if I'm enrolled?

You will continue to receive a single bill from Ameren each month. "MC Squared Energy Services" will be designated as your supplier in the "Supply" section of your Ameren bill. Ameren will continue to bill you for distribution services and taxes. Payments should still be sent to Ameren at the address provided. There is no impact to Ameren services such as Budget Billing, Peak Time Savings and/or financial assistance.

Will I receive notification of the supplier change?

Ameren will always mail a confirmation letter indicating a service change.

where energy comes from

Who is MC Squared Energy Services?

MC Squared Energy Services, LLC (mc²) is a certified, retail electric-service provider headquartered in Chicago, Illinois. MC Squared Energy Services, LLC is a wholly owned subsidiary of Wolverine Holdings. For more information on the company, visit our website at www.mc2energyservices.com.

Summary of Benefits:

- Electric supply price is fixed for the duration of the term.
- Residents and small businesses may opt out at any time.

What if I have already switched to an Alternative Retail Electricity Supplier (ARES)?

If you have already switched to an Alternative Retail Electricity Supplier (ARES), you can still opt in to the program. See above for enrollment directions. You should always check with your current provider to better understand any restrictions or policies that may apply.

Is there an early termination fee?

There is no termination fee; you are only obligated to pay for services rendered under the contract until your service is terminated.

Will my electric service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by Ameren. The switch to mc² is seamless.

What happens at the end of the program term?

At the end of the term, if Village of Schram City decides to end the program, all accounts served by mc² will be returned to Ameren service.
